Conference Overview Presentation for Attendees, Speakers, and Panelists

Combined/Joint Force Land
Component Commander (C/JFLCC)
Conference
2-07
15-20 July 2007

Conference Mission and Objectives

Prepare senior officers to function effectively as land component commanders in joint, interagency, intergovernmental, and multinational environments.

Objectives: Graduates of the Combined/Joint Force Land Component Commander Conference will be able to:

- Plan, prepare for, and execute land operations that support coalition and combatant commanders in the accomplishment of national security and international policy objectives.
- Form the command and execute theater-wide and multinational integrating functions of a Combined/Joint Force Land Component Command.
- Conduct operations in conjunction with other functional coalition commands (C/JFACC, C/JFMCC, and C/JFSOC).
- Conduct sustained land-dominance operations to defeat enemy efforts and stabilize conditions through coalition land actions within a complex multinational, interagency (US), intergovernmental, and international (IO and NGO) context, as well as regional/global media environments.

C/JFLCC Topics & Scope

- Roles and Responsibilities of the C/JFLCC - Theater to JTF levels in forming and operating the multinational command.
- Theater-level Strategy - Integration of major land operations into the coalition and combatant commanders' campaign plans amid dynamic conditions; essential elements of establishing and ensuring coalition cohesion and unity of effort.
- Land Dominance Operations - Operations that support the combatant commanders' theater objectives and accomplish mutual, agreed upon policy objectives for coalition operations.
- Combined Land Operations - Operations with multinational forces, including the capabilities and limitations of national policy determinations within the coalition under a multinational command structure .
- Political and Media Influences - Operations within the parameters of guidance from a multinational command structure and integration with international organizations; participation by nongovernmental and international organizations.
- Key Operational-Level Systems and Processes – Establishment of effective systems for command and control of major land formations, information and intelligence sharing, synchronization and integration of multinational movement and maneuver, effects-based information operations and fires, operational protection, and logistics, specifically JRSOI and sustainment of joint and multinational forces.

C/JFLCC Conference Carrier Exercise – Combatant Commander's Guidance

Method: For each portion of the exercise, attendees will receive various staff recommendations to review for approval. In turn, the attendees will use these as a basis for providing clarifying guidance to the staff to guide future planning.

Prior to each exercise, they receive:

- An intelligence Update that portrays the operational level situation in theater
- Political-Military Directive (updated based on changing conditions)
- Combatant Commander Guidance and Intent (also updated as required, based on changing and evolving conditions)
- Emerging constraints and restraints to action (National, Combatant Commander, Host Nation, etc)

Exercises & Staff Briefings:

Provide analysis/ recommendations for commander consideration, approval and further focusing guidance.

They provide guidance on:

- LCC Mission Statement - Review and approve recommendation; update as required by situational change
- Commander's Guidance and Intent (also updated/revised with changing conditions)
- Approved Effects Objectives and Tasks – based on review of staff's recommendations, and considering evolving conditions
- Decision Points and Guidance on CCIR required to support these DP's
